L30 110DE _

Technical description

Fixed LED fitting for recessed floor and/or wall and ceiling use, extremely robust with high IP protection, suitable for direct lighting for indoor and outdoor use. This fitting is equipped with integrated LED modules.

Body and ring in aluminium obtained directly from solid, complete with PMMA optical diffuser and tempered glass that creates a pleasant coplanarity without any protrusion, the silicone rubber gasket ensures a high resistance to water splashes. Aluminium formwork included.

LED light source and colour temperature (2700K).

Very high coefficient of rendering >80CRI.

Supply

Driver excluded.

Input voltage 220-240 VAC / 50-60 Hz

Temperature -20° +40°

Life 30000h / 25°

Installation

Recessed for outdoor

Size (mm)

55 x 55 x 103

Color

Alluminium 6

  IP67
